Hi Matthew,

I need a little bit of help. Please see the below information from Detective Chavez of the LAPD. She is in need of a regular Pit Stop location for a Witness in a murder case as well as some toiletries like soap, toothbrush, toothpaste so that she can look presentable in court.

Can you point me in the right direction? I have included the Detective in this E Mail.

THANKS in Advance Matthew!!!

Emada

Hello Emada, I was hoping you could assist me or point me in the right direction for getting help for a Homicide witness I have. Basically, I have a Murder trial coming up in March and my witness sleeps in a tent on Skid Row. I'm hoping I can find a resource to get her showered and clothed for her testimony. I'm sure her confidence level would be higher with some TLC! She hasn't expressed a desire to move off the streets, but I'd like to thank her for her bravery. She literally is the only witness to step forward for this Murder, maybe we can connect her to some better things through the process. Specifically looking for help getting her a shower (multiple days possibly), toiletries and some clothing.

Help and Thanks!
Detective Kasie Chavez
